OUR COUNTRY: First, Last and Forever.

The manufacturers anticipate an increase in the price of brick next year. For that reason the Town Council of Shamokin has ordered 300,000 bricks for paving purposes and they will be stored away until next spring, when the paving will be resumed again.

The New York Herald is desirous that New York city be selected as the place for holding the Republican and Democratic national conventions, and has offered to contribute \$10,000 toward the expenses of such convention for 1900, providing the merchants and business men of the city contribute an additional \$90,000 for each convention. The citizens of Philadelphia must bestir themselves if they wish to obtain either of both of these conventions, for there is evidently going to be the liveliest kind of competition for them.

Our special county seat correspondent the other day, in giving the result of an interview with Senator S. A. Loech, incidentally noted that a combination of Republican leaders—comprising Daniel Duffy, Charles A. Snyder, William Wilhelm and Senator Loech—would insure a Republican majority in this county. Most of the newspapers of the county have commented freely upon the proposition, and the consensus of opinion is that the Republican party is sadly in need of a change in leaders and that the combination mentioned meets all requirements.

In an interview at Shamokin Eugene V. Debs, the labor leader, when interrogated relative to his impressions of the coal miners, said: "It is appalling to see the poverty of the miners who live here and if the conditions do not affect the rich operators their hearts must be as hard as stone. These conditions should make them blush for the miners live like animals. Of all men in the world who ought to have the comforts of the world it is the miner. He has been reduced far below the animal physically and has not the intelligence to realize he is in abject slavery." Mr. Debs evidently has a very poor opinion of the average miner's intellectual acquisitions.

EX-SENATOR EDMUNDS, speaking of the proper course to be taken by the House of Representatives in the case of Mr. Roberts, the polygamist representative-elect from Utah, says: "The constitution fixes and describes the qualifications necessary for a member of the House of Representatives. I think the House has no constitutional right to add others, either affirmatively or negatively, and, therefore, I think that if Mr. Roberts was regularly elected, was of the requisite age, resided in the state of Utah, and is willing to take the oath prescribed by the constitution, the House has no right to refuse to allow him to be sworn in. It is more dangerous to the rights and liberties of the people for the House to set up standards of admission not prescribed by the constitution than to admit to be sworn any person whom the people of a state choose to elect. That done, the constitution has itself provided for the House ridding itself of any member who, upon its own conscience, it believes for any reason ought not to continue therein."

YOU KNOW IT IS TRUE.

That is if it is Told You by a Neighbor.

These Statements are by Persons Whom We are Willing to Believe.

If a person you respect tells you something, you believe him. You may not know the person whose statement we publish in this article, but you can easily know him, because we give you his name and address and he lives right here in Shenandoah. That is the way we do, we give you the names of people living in this city, who have used Morrow's Kid-nee-oids for backache and kidney troubles, because we want you to consult those people about the good Kid-nee-oids have done them.

Mr. James Davis, 423 West Mayberry alley, works at No. 3 mine, Lehigh colliery, Shenandoah, Pa., says: "I have been troubled with kidney disorders for about two years. I suffered with a constant dull pain in the small of my back, which would be attended with sharp shooting pains just over the region of the kidneys. It would prevent me from getting proper sleep and rest. I tried different kinds of kidney remedies, but none of them proved as effective as Morrow's Kid-nee-oids. Kid-nee-oids relieved the pain in a few days and I am now well and rest better."

Morrow's Kid-nee-oids are not pills, but Yellow Tablets and sell at fifty cents a box at all drug stores and at S. P. Kirlin's drug store.

Mailed on receipt of price. Manufactured by John Morrow & Co., Chemists, Springfield, Ohio.

Donkowsky Defeats the Champion.

Lakewood, N. J., Dec. 1.—The most attractive feature of the open tournament of the golf club here yesterday was the meeting between H. M. Harriman, amateur champion of the United States, and Findlay S. Douglas, ex-amateur champion. It was the first time these two have come together since Harriman won the championship in Chicago last July, with Douglas as the runner up. Yesterday Douglas played a brilliant game and covered the course in 88, while it took Harriman 94 strokes. Had they been playing at matinee Douglas would have won by four up and two to play.

Toil Your Sister

A beautiful complexion is an impossibility without good pure blood, the sort that only exists in connection with the good digestion; a healthy liver and bowels. Karl's Clover Root Tea acts directly on the bowels, liver and kidneys keeping them in perfect health. Price 25 cts. and 50 cts. Sold by P. D. Kirlin on a guarantee.

Both Duellists Shot to Kill.

Sterling, Colo., Dec. 1.—A shooting affray occurred here in which two men were mortally wounded. Buck Chairs, believing that Lou Pettit had insulted his wife, went into Pettit's store and commenced to beat him over the head with a six shooter. Pettit ran to get his gun and Chairs shot him in the back. Pettit then shot Chairs and the latter fired again, hitting Pettit. Physicians say neither can recover. Both men are well known and have large property interests in this vicinity.

Bryan Has No Candidate.
Austin, Tex., Dec. 1.—William J. Bryan's attention having been called to a report from Washington that it was hinted there that he was inclined to favor the nomination of Salzer for speaker by the Democratic congressional contingent, expressed himself as follows in the matter: "I have not said or written anything for or against any candidate for speaker. I have not taken any part in the contest, and shall not."

Does Tais Strike You?

THE TRANSVAL WAR

Gen. Methuen's Wound Will Force at Least Temporary Retirement.
London, Dec. 1.—Beyond a report from Estcourt that firing was heard in the direction of Ladysmith on Monday, there is not a shred of news of any kind from the seat of war. A semi-official statement from the press office of Lord Methuen's wound, received in Tuesday's ten hour battle at Modder river, when the Boers were defeated, is not serious, and that he is expected to be all right in the course of a few days. It is certain, however, that the wound will prevent his being in the saddle, and there is great anxiety to know whether he will be compelled temporarily to abandon the personal direction of affairs. His next in command is Colonel Colville, commanding the Guard's brigade. He has a reputation as an excellent officer.

As men are needed in all directions, Lord Wolseley's announcement that a new division will be embarked without delay has been received with the greatest satisfaction. The transports will soon be returning from the cape, and it is hoped that the men will be dispatched speedily.

Lieutenant Colonel Stapford's death end a most promising career. He was the officer mainly responsible for working out the details of the mobilization scheme.

A CUBAN EDITOR'S SARCASTIC.

Patria Gives Reasons Why the Natives Should Be Thankful.
Havana, Dec. 1.—The Patria said in yesterday's issue: "This is Thanksgiving day. Let us thank God for the dear good fellows, the American soldiers, who have come here to educate us, and for the healthy excitement caused by Uncle McKinley, who shakes the end of the cable whenever he wants to amuse himself. Let us also be thankful that our streets are swept and that small pieces are asphalted in order to avoid anything that would disturb the stumblers of our dear rulers. Thanks also let us offer to our Italian bishop, and to Mr. Frye and Mr. Pitcher, who have so exemplified justice for us. Above all, let us thank Mr. Ludlow for freeing the present generation from the cares of government."

The Nervo Pains says:

"We agree with the Lucha that there is no danger of a rising, although so long as the people preach 'independence or death' there will not be wanting those who are deceived by a chimera. Nevertheless, if a rising were started, the instinct of self preservation on the part of those engaged in industry would be sufficient to prevent any spreading."

SIX RAILROAD VICTIMS.

Family of Four Wiped Out by a Crash at Paterson.
Paterson, N. J., Dec. 1.—The bodies of the six persons killed in Wednesday night's wreck on the Delaware, Lackawanna and Western railroad were positively identified yesterday. Those killed were Alexander Craig, of Scranton, Pa., business manager of the Scranton Tribune; Esther S. Craig, his wife; Esther Craig, their 15-year-old daughter; Jessie Craig, their 11-year-old daughter; Mrs. May Bert Rose, wife of David Rose, of Rihana, N. Y.; Walter Jacoby Knook, 19 years old, of New York, a student at Cornell.

Of the score injured, one man and a woman had both legs broken, one woman had an arm broken and another had her right leg crushed.

The Phillipsburg accommodation, west bound, crashed into the rear of the Buffalo express, which was later was standing at the depot. The two rear cars of the express were totally wrecked. Apparently the engineer of the accommodation did not notice that the express drew up some 200 feet west of the depot. The express was 45 minutes late and the accommodation was following very closely. When Engineer Reardon saw the lights ahead the distance was too short to avoid a collision.

The accident wiped out the Craig family. They were on their way to spend Thanksgiving with relatives in Brooklyn.

Engineer Riordan, Conductor W. J. Burritt and the entire crew of the Phillipsburg local, have been suspended indefinitely by Superintendent Russell.

For Uplifting Colored Children.

Columbia, S. C., Dec. 1.—A great work for uplifting negro children was inaugurated yesterday when the South Carolina Industrial Home for Negro Boys and Girls was dedicated. The home is designed to give negro waifs a rudimentary and Christian education, and to teach them habits of tidiness in household work and of thrift in farm work or at the lathe or bench. Tuskegee, Booker Washington's school, does for the grown negro what Carolina proposes to do for children. The undertaking was started last April by Rev. Richard Carroll, a colored Baptist preacher, who received liberal donations from interested parties.

Killed by Premature Discharge.

Cincinnati, Dec. 1.—After serving in the Spanish war and handling at one time hundreds of times during the past eight years Private James Starkey, of Hampton Battery B, N. G. P., lost his life through the premature discharge of a cannon on Monument Hill, Allegheny, yesterday while firing a salute during the celebration of the centennial of the unveiling of the Spanish cannon presented to Allegheny. The ramrod used in filling the gun was forced almost through Starkey's chest. Corporal Springer and Corporal Gormley were slightly burned.

The Revolution in Colombia.

Kingston, Jamaica, Dec. 1.—Colombian advices received here by the steamer Louisiana say the revolution is spreading throughout the Colombian republic, and gaining great strength. Details as to the movements of the Liberals are lacking, but the stereotyped censored cable dispatches relating to government successes are discredited. Several casual bands of recruits have been dispersed and a few severe reverses have been suffered on the war, but the insurrection is not even fully launched yet.

To Fight For Reese's Release.

Indianapolis, Dec. 1.—National Organizer Christopher Evans, of the United Mine Workers, and Editor W. C. Scott, of the United Mine Workers' Journal, today declared that everything within the power of the national order will be done to free Executive Committeeman John P. Reese, who is now undergoing a three months' jail sentence at Fort Scott, Kan. "We have over \$30,000 in our national treasury," said Mr. Evans, "and no stone will be left unturned to take care of Reese."

Oh, the Pain of Rheumatism!

Rheumatism often causes the most intense suffering. Many have for years vainly sought relief from this disabling disease, and are to-day worse off than ever. Rheumatism is a blood disease, and Swift's Specific is the only cure, because it is the only remedy which can reach such deep-seated diseases.

A few years ago I was taken with inflammatory Rheumatism, which became so intense that I was for weeks unable to walk. I tried several prominent physicians and took their treatment faithfully, but was unable to get the slightest relief. In fact, my condition seemed to grow worse, the disease spread over my entire body, and from November to March I suffered agony. I tried many patent medicines, but none relieved me. Upon the 15th of March my friend I decided to try S. S. S. Before allowing me to take it, however, my physician, who was a chemist, analyzed the remedy, and pronounced it free of potash or mercury. I felt so much better after taking two bottles that I continued the remedy, and in two months I was cured completely. The cure was permanent, for I have never since had a touch of Rheumatism, although many times exposed to damp and cold weather.

WILLIAM H. TIPPERS, 8711 Fowleson Avenue, Philadelphia.

Don't suffer longer with Rheumatism. Throw aside your oils and liniments, as they can not reach your trouble. Don't experiment with doctors—their potash and mercury will add to your disability and completely destroy your digestion.

S.S.S. For The Blood

Will cure perfectly and permanently. It is guaranteed purely vegetable, and contains no potash, mercury, or other mineral. Books mailed free by Swift Specific Co., Atlanta, Ga.

The Search Stops.

The Right Thing Has Been Found. A Shenandoah Citizen Shows the Way.

Once more we are indebted to a Shenandoah citizen for a public statement that throws more light on a matter of ever-increasing interest. People have been deceived by false misrepresentations from time immemorial. No wonder they are skeptical of all claims endorsed by strangers residing in far-distant parts of the Union. It is no longer necessary to accept such endorsements for local citizens are giving their testimony, and 'tis an easy matter for any reader to investigate the correctness of such evidence as the following:

Mrs. Marcella Hopkins, of 219 West Lloyd street, says: "I had much trouble with my back and kidneys. I used Dan's Kidney Pills after trying other standard remedies, prescriptions and home remedies and found them most satisfactory. I told my husband that they did me more good than any other medicine I had taken. I did not sleep well, had hot pains in the top of my head and was tired and despondent all the time. I could not shake it off. When I learned of Dan's Kidney Pills I procured them from Kirlin's Pharmacy and I can sincerely recommend them for backache. I will not be without them in the future for I owe to them the greatest relief from my kidney trouble that I ever had."

Six Thousand Miles on a Launch.

Pensacola, Fla., Dec. 1.—The naphtha yacht Selba, of New Orleans, 82 feet long, having on board Captain E. W. Demming and his two daughters, arrived here last evening after a journey of 6,007 miles. The Selba left New Orleans on July 8, went up the Mississippi river and tributaries to the great lakes, thence around the Erie canal to the Hudson and down to New York. The party sailed down the Atlantic coast and around the Florida peninsula into the Gulf of Mexico and up to this city. They sailed today for New Orleans.

Confessed Killing His Mother.

Zanesville, O., Dec. 1.—At the coroner's inquest over the body of his mother, at Cannelville, yesterday, Albert Swingle, aged 14 years, confessed that he shot her, but claimed that the shooting was accidental. The boy declares that he loaded the gun, but his father declares it had not been loaded for a week. The boy manifests no regret over the death of his mother. He was sent to jail without bond.

Wood Will Not Succeed Sternberg.

Washington, Dec. 1.—General Leonard Wood, commenting last evening upon the report that he might succeed General Sternberg as surgeon general of the army, said that it was without foundation. "My relation with the medical department of the army, so far as any further duty in the medical corps is concerned," said General Wood, "is at an end, and whatever duty I may perform in the future will be in the line."

A Thousand Tongues

Could not express the rapture of Annie E. Springer, of 115 Howard st., Philadelphia, when she found that Dr. King's New Discovery for Consumption had completely cured her of a hacking cough that for many years had made life a burden. All other remedies and doctors could give her no help, but she says of this Royal Cure—"It soon removed the pain in my chest and I can now sleep soundly, something I can scarcely remember before. It is a blessing from heaven, its praise throughout the Universe." So will everyone who tries Dr. King's New Discovery for any trouble of the Throat, Chest or Lungs. Price, 50c. and \$1.00. Trial bottles free at Watley's drug store; every bottle guaranteed.

Typhoid Fever in the Wells.

Raleigh, Dec. 1.—Dr. Richard H. Lewis, secretary of the state board of health, last night received a telegram from Dr. Anderson, one of the bacteriologists of the board, stating that the water in the wells which was used by all the students of the State Normal and Industrial college, recently afflicted with a serious outbreak of typhoid fever, is bad. This fully explains the epidemic and is a cause that can be promptly and completely removed, so that the institution can be reopened with safety on the date to which it was suspended, Jan. 2, 1900.

"A1" TABLETS

FOR ALL URINARY DISORDERS.
THE MOST FATAL and PREVALENT of all diseases are those of the KIDNEYS, LIVER and BLADDER.
The Kidneys are two little organs through which all the blood in the body must pass once in every three minutes.
It is a REALITY condition they suffer all impurities from the blood, thence out of the body. If they become clogged and swell, depositing their acid and other poisons into the system, they cause RHEUMATISM, GOUT, BRUISES, GRAVEL, PAINFUL URINATION, LOSS OF APPETITE, LOSS OF ENERGY (the life essence), and finally "BRIGHT'S" DISEASE and DEATH!
